

Songs are listed here in Comfort Keys. CD's have original versions on them. I would like to use the originals as references, but bring our own flavor and vibe to the songs. This isn't the final set list. I would love to get some feedback and ideas about transitions and combinations. Looking to have some fun with this and possibly do more together in the future.

If possible I would like to have at least 2 rehearsals. The first to work out the songs themselves and then a second for creative ideas and transitional changes. We can rehearse at the church on monday, tuesday, friday and sunday nights.
